

# 2005 WCRA Novice Workshop #1

April 2<sup>nd</sup>, 2005

Presented by the West Coast Rally Association

The WCRA Novice Workshop #1 is a morning classroom session and after Time/Speed/Distance (TSD) Navigational Rally. The rally follows current BC Rally Regulations which can be found on the WCRA website at <http://www.rallybc.com>. The rally will be about 140km with an odometer check of about 14km and take place entirely in the lower mainland of BC. Roads will be 100% paved. Instructions will be provided in both km and miles, but the official distances and calculations are based on the km figure.

# 2005 WCRA Novice Workshop #1

## TSD Novice Workshop #1 – Maple Ridge

### Supplementary Regulations:

April 2nd, 2005

- Are you interested in learning how to participate in rallying?
- Have you ever wondered what it would be like to drive your car on gravel roads?
- Do you need to polish up on your TSD skills?

If you don't know where to start, well ... do we have the workshop for you!

WCRA Novice Rally Workshop will introduce you to the sport of TSD auto rallying. TSD = Time / Speed / Distance - three factors that are used to create a challenging auto event. This workshop will consist of both "on-road" and "off-road" instructions. We will provide off-road classroom instructions and theory about the sport. Experienced TSD rallyists will coach you on the finer skills of driving techniques and navigational calculations. Tricks and tips will be shared from the experts. We will provide instructions on what to expect at an event - everything from car inspection to route instructions. Then, we will answer all your questions.

We have also prepared an on-road TSD event for you to apply your new skills. You will be provided with feedback and your scores will be analyzed with you. Experts will be there to provide you with tips and explain what should and could have been done to better your scores.

This is part one of the 2005 TSD Novice Rally workshops presented by the West Coast Rally Association. This event will follow the 2005 BC Rally Regulations, which are available from Rally Pacific Motorsports. The rally runs on straight-forward instructions, and will be approximately 140 km (87 miles) in length with roads about 100% paved. Maximum distance between gas stops is 80 km (50 miles).

### Required Equipment

- Battery powered Calculator (Not solar)
- Clipboard
- Pens & pencils
- Stopwatch or Digital watch
- Notepad or paper for notes
- Highlighters
- Map light or some other interior light (if on a night rally)
